Theresa Pastore
Parents Engaged in Education
By Email: parentengagementgroup@gmail.com

Dear Theresa,

This is a letter confirming our receipt and distribution of your learning kits to families in the Jane and Finch community. As a community based agency, the Jane/Finch Centre provides multiple services to multi-barriered populations in Toronto. Your kits are helping to support vulnerable residents working to educate their children during these difficult times.

We appreciate being added to the list of organizations that you support, and for the learning kits that you so generously provided. Many thanks to Parents for Education for stepping forward to help the community in this way.

My sincere hopes that you are able to continue to build these kits and generate much needed donations to foster learning in some of Toronto's most vulnerable neighborhoods.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Dagnino".
