Support Letter for Parents Engaged in Education

Dear Review Committee,

Frontlines has served the marginalized communities of Weston and environs for the approx. 32 years. Most of the youth that Frontlines serves are from predominantly black and low-income families.

Schools in York-South Weston have some of the highest dropout rates amongst TDSB schools. Youth in this community have high barriers to educational success. The educational kits provided by Parents Engaged in Education were distributed to families in York-South Weston. These kits provided an additional resource for families to assist them with their child's education. Families were very thankful for the support.

We recommend Parents Engaged in Education in receiving additional support to continue their work.

Should you have any questions about this letter and the resource provided, please feel free to contact us at info@frontlines.to or call 416 244 7017.

Sincerely,

Stachen Frederick.

Executive Director, Frontlines
